Historical Review And Background

**MR RAMESH
HALAI**

**MR DINESH
HALAI**

Halcons Limited was incorporated in Uganda in 2011 with the efforts of Two dynamic, Young and Determined entrepreneurs and the company had a humble beginning with a steady growth and has managed to attain its goals in a very short span of time by solving the building problems in Uganda.

Halcons Limited was and is a brain child of Two mentioned entrepreneurs, who with their experience and endless efforts have single handedly set up and established a successful running model in Uganda with a range diversity and innovations in various Engineering Concepts to fuel a joint national infrastructure development and well being of Ugandans.

The company has ambitious plans to build upon a reputation for delivery of Building and Civil Engineering, Production of Building Materials, Electro-Mechanical Works Systems and Carpentry and Joinery, Steel Fabrication and Aluminum Works all with a heart to produce excellent high quality products and timely service delivery by diversifying into areas of manufacturing of various construction materials to meet the regions' demand for construction materials such as blocks, pavers, road slabs, curb stones, culverts, , Electro-Mechanical Works and installations, Carpentry, Joinery, Fabrication, Aluminum Works and Interior Designs. The company's operations involve construction and installtion services headed by young and dynamic expertise packed with several diversified skills in carpentry, Fabrication, Aluminum works among others. Over the few year of its existence, we have achieved and successfully completed multiple projects and have grown our teams in all aspects

Company History

Vision

“To be a respectable Contractor delivering beyond expectation with experience and innovation through maintaining and strengthening engineering business by developing new skills and talent to respond to the changing needs of clients and markets Environment via our far-reaching international network and our financing capabilities to be the supplier of high quality, distinctive products/services and respected for unequalled customer service delivery in the Construction industry.”

Mission

“To trump as the leading engineering, procurement, construction and related technical services organizations; serving industry sectors and geographic markets, We Procure Projects at Competitive Pricing, Provide Safe Working Conditions and deliver quality work within reasonable time Frame.”

Company Philosophy

We do business the old fashioned way, being Honest and Straight forward and keeping our word as to what we are assigned to deliver and when we deliver it thus we strive achieve the intended project goals for on every job. We oversee each project and personally respond to resolve any problems while delivering Project without compromising on Quality and we stand firmly behind everything we do. Our success is founded on the Quality and Talents of the men and women who comprise Halcons Ltd. It is our proirty to spot, Head hunt and recruit Men and Women of the best talent in all our fields of operation of the Company. We are proud of our history as a company and appreciate our loyal clients who have made our passage from a small 1 crew company to the professional construction team of 100 qualified personnel we are today, with a fully integrated communication and project management system.

OUR GOALS AND OBJECTIVES

To be the leading and reputable Contractor in Civil Engineering and Construction, Water Supply and Maintenance Systems, Road construction and Maintenance Services and Supply of all locally manufactured Construction materials at favorable prices

To Provide our Clients with an “I am assured” experience when we are chosen to execute their Projects thus commission projects on Time.

To promote (through example) an awareness that profitable development need not destroy the local environment, but can build upon and reinforce the qualities and traditions of local life.

To provide well designed properties and property services to the increasing number of interested home and commercial property owners in the local market.

OUR CORE VALUES

- Prompt and Timely Project Delivery
- Customer Care and Satisfaction
- Professionalism
- Teamwork and Capacity Building
- Sustainability
- Social conscience
- Profitability

OUR CORE VALUES

- Enhancing our local reputation in Construction industry and actively pursuing initiatives in sectors and geographic areas where we can deliver superior value through its competitive advantages.
- Maintaining leadership in project management capability, supported by state-of-the-art project management systems.
- Being a multicultural company proud of our ability to operate in many languages and adapt to the culture of the country and communities in which we work.
- Take part in the development of projects requiring equity participation, and in the privatization of government-owned facilities.
- Adopting a flexible and open approach towards the needs of our clients by listening to and respecting their views, and being ahead of emerging trends and potential technological breakthroughs.
- Developing a stable client base with significant repeat business. Generating a sustainable long-term profit, and achieving optimum growth for our shareholders to trust that consistently remarks us in the top global engineering, procurement and construction (EPC) companies.

COMPANY VALUES

It is the our Code of Ethics policy that Halcons is to maintain the highest standard of ethics in the conduct of its business and in its relations with whomever it does business or is associated — Such as its employees, directors, shareholders, customers, associates and suppliers, as well as with governments, the media and the public.

The company's integrity and reputation for ethical practices are among its most valued assets and are essential elements in its continued quest for sustained profitability. Such integrity and reputation ultimately depend upon the individual actions of its employees, officers and directors, representatives, agents and consultants all over the world. Each employee is therefore personally responsible and accountable for compliance with this Code.

Halcons is committed to increasing its value to customers, employees and shareholders by profitably providing useful products and services to worldwide markets. Halcons will fulfill this commitment while upholding the highest level of ethical conduct and meeting its responsibilities as a good corporate citizen through the following;-

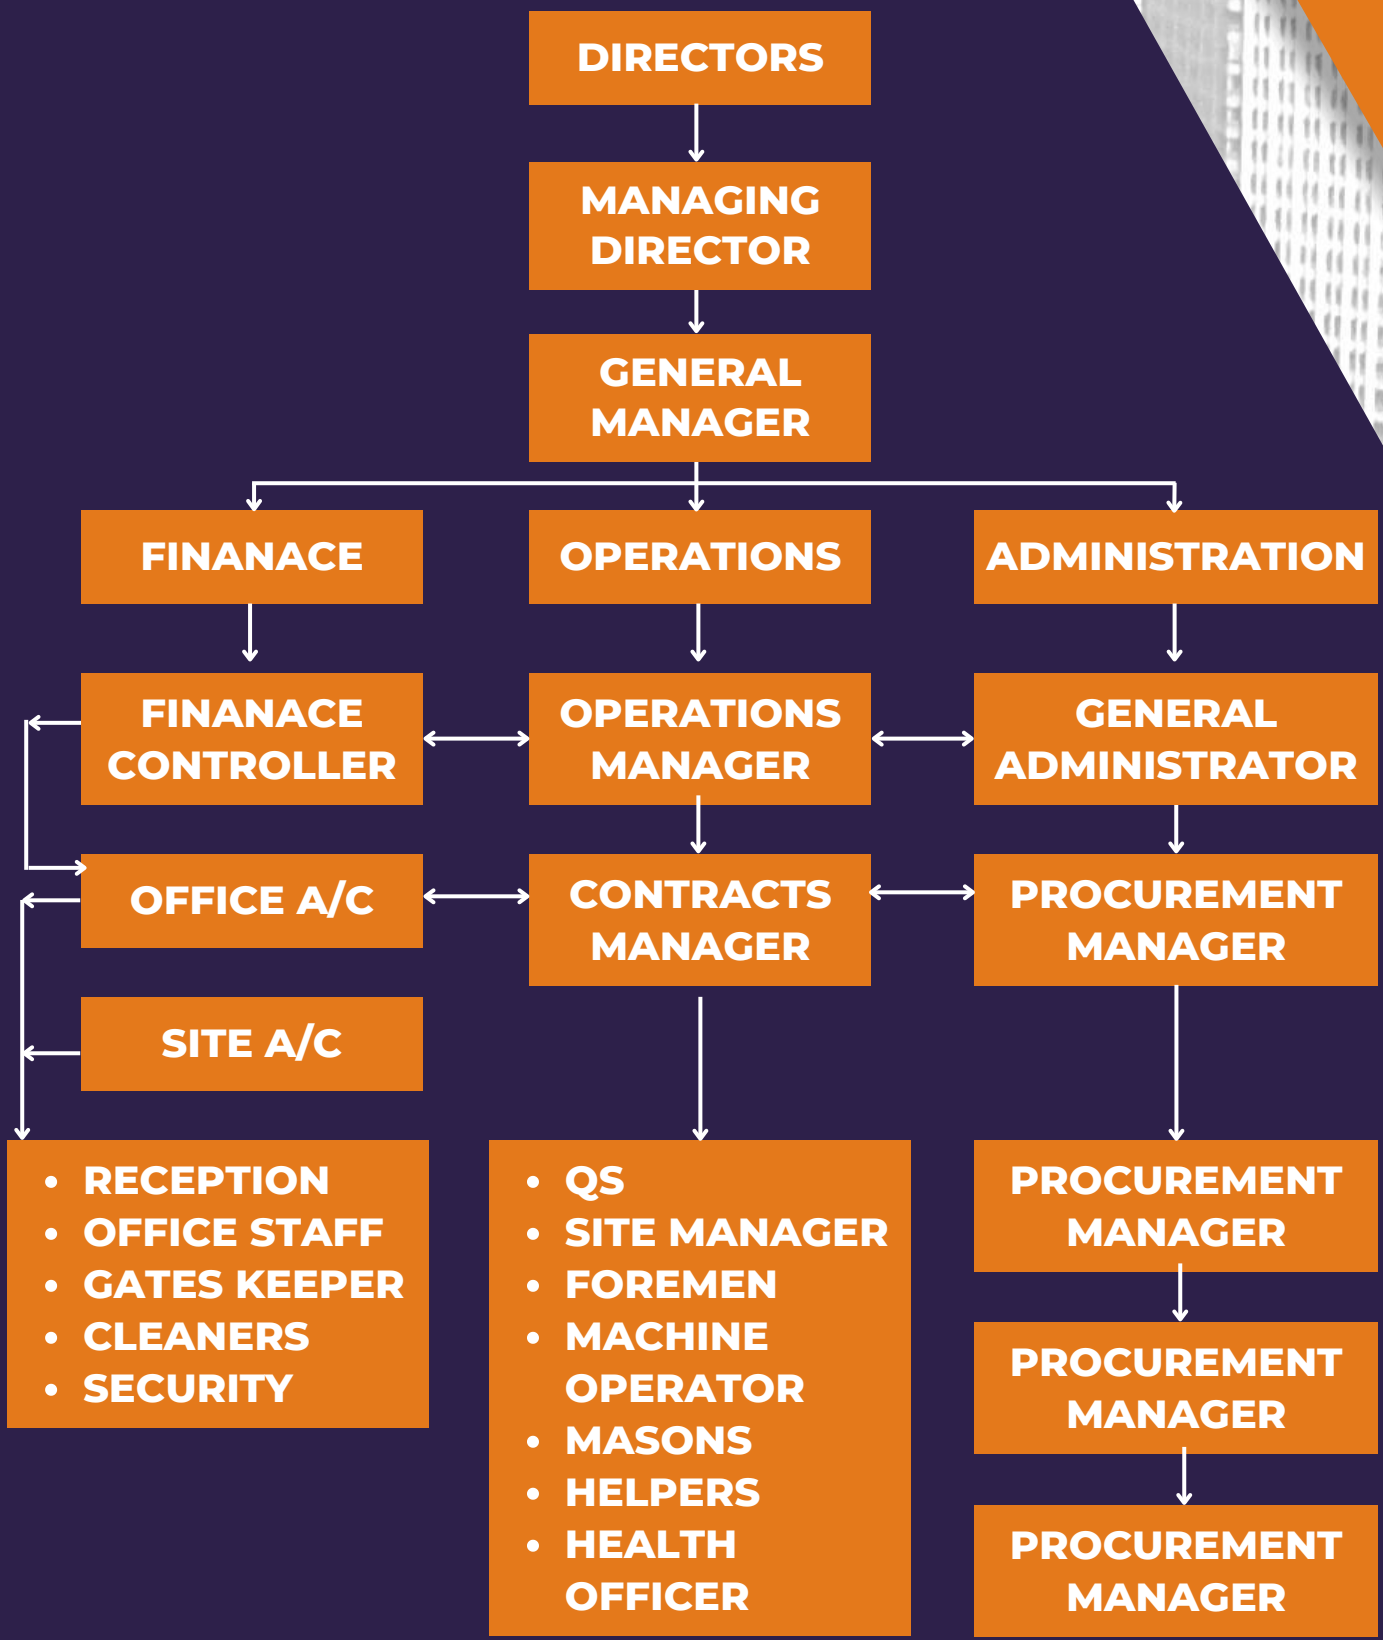

- Avoid associations with businesses and organizations which are in conflict with our code of ethics
- Strive to provide works, services and supplies of high quality and accept full responsibility for all works, services or supplies provided
- Not offering gifts or hospitality directly or indirectly, to staff of a procuring and disposing entities that might be viewed by others as having an influence on a government procurement decision and also not engaging in deceptive financial practices, such as bribery, double billing or other improper financial practices
